**Saturday - October 3, 2020
8:00AM – 1:00PM**

Mark your calendars for **Saturday, October 3**, the date of our annual Community Garage Sale!

We plan to open our community entry gates from 8:00AM-1:00PM the day of the sale. We will be placing online ads to promote the garage sale on local community websites and will also have signs in place the day of the event.

The City of Lake Mary requires homeowners to obtain a permit in order to participate in the sale and the cost is \$5.00 per household. Homeowners can obtain a permit in person at the City Building or register online at www.lakemaryfl.com. The City will add the \$5.00 to your water bill if you choose to apply online. Please contact the City office if you have questions - (407) 585-1417

Suggestions...Be sure all items are clean and operational. If you are selling an electrical item, have an outlet available to demonstrate it. It is always helpful to have bags handy and paper to wrap breakables. Be prepared with change, paper and pencil, and a calculator. It is fun and a good idea to have someone work with you. We always have extra vehicle traffic in the neighborhood so remain alert and aware. Finally, please be safe by securing your home and valuables.
